We are looking

FOR YOU

Robotics Software Engineer (f/m/d)

At Stoiber GmbH we have a long history of building innovative solutions for our customers. Starting from a blacksmith's workshop more than 100 years ago, our company has continuously evolved over multiple generations. Based on the modern mechanical engineering company we are today, we want to go the next steps into the future focusing on the frontier of robotics. Join our startup-like product development team of innovators, thinkers, and creators dedicated to building a cutting-edge robot solution for tomorrow's steelwork manufacturing.
